Study Guides — Here is a brief description of the six types of study guides BMI offers:

Novel-Ties — complete teacher/student guides with reproducible pages in a chapter-by-chapter format.

Novel Units — teacher's guides containing everything you need to teach a book. Frequent use of graphic organizers to plan lessons. Objective tests are not reproducible.

Puzzle Packs — intended to be refresher packs for the Teacher Pack to supply new materials for the Unit and Vocabulary Resource Materials sections. However, many teachers use them as additional materials for books they have previously taught, with or without the Teacher Pack. Comes on a user friendly CD.

Q&A Presentations — interactive cd to project individual questions or questions/answers sides from LitPlan onto your whiteboard or screen as a visual aid for discussions or quizzes..

Student Packets — reproducible pages for direct student use covering comprehension, vocabulary, writing exercises, and a final exam. For use with the Novel Unit, or on their own.

Teacher Packs — over 100 pages of practical, teacher-developed materials (including reproducible student pages) on a user-friendly CD. A proven foundation for teaching great literature.

All six study guides contain completely different material. For a complete description of these guides please see pages 2-5.

Study Guides — Here is a brief description of the six types of study guides BMI offers:

Novel-Ties — complete teacher/student guides with reproducible pages in a chapter-by-chapter format.

Novel Units — teacher's guides containing everything you need to teach a book. Frequent use of graphic organizers to plan lessons. Objective tests are not reproducible.

Puzzle Packs — intended to be refresher packs for the Teacher Pack to supply new materials for the Unit and Vocabulary Resource Materials sections. However, many teachers use them as additional materials for books they have previously taught, with or without the Teacher Pack. Comes on a user friendly CD.

Q&A Presentations — interactive cd to project individual questions or questions/answers sides from LitPlan onto your whiteboard or screen as a visual aid for discussions or quizzes..

Student Packets — reproducible pages for direct student use covering comprehension, vocabulary, writing exercises, and a final exam. For use with the Novel Unit, or on their own.

Teacher Packs — over 100 pages of practical, teacher-developed materials (including reproducible student pages) on a user-friendly CD. A proven foundation for teaching great literature.

All six study guides contain completely different material. For a complete description of these guides please see pages 2-5.

Reading Level – All titles on our order form are coded with a reading level. This figure indicates the **grade level** of vocabulary used in the book. These ratings have been determined by publishers, reading experts and educators. They are intended only as guides to the relative difficulty of a title, since student reading competence may vary widely within any one grade.

Study Guides — Here is a brief description of the six types of study guides BMI offers:

Novel-Ties — complete teacher/student guides with reproducible pages in a chapter-by-chapter format.

Novel Units — teacher's guides containing everything you need to teach a book. Frequent use of graphic organizers to plan lessons. Objective tests are not reproducible.

Puzzle Packs — intended to be refresher packs for the Teacher Pack to supply new materials for the Unit and Vocabulary Resource Materials sections. However, many teachers use them as additional materials for books they have previously taught, with or without the Teacher Pack. Comes on a user friendly CD.

Q&A Presentations — interactive cd to project individual questions or questions/answers sides from LitPlan onto your whiteboard or screen as a visual aid for discussions or quizzes.

Student Packets — reproducible pages for direct student use covering comprehension, vocabulary, writing exercises, and a final exam. For use with the Novel Unit, or on their own.

Teacher Packs — over 100 pages of practical, teacher-developed materials (including reproducible student pages) on a user-friendly CD. A proven foundation for teaching great literature.

All six study guides contain completely different material. For a complete description of these guides please see pages 2-5.

Study Guides — Here is a brief description of the six types of study guides BMI offers:

Novel-Ties — complete teacher/student guides with reproducible pages in a chapter-by-chapter format.

Novel Units — teacher's guides containing everything you need to teach a book. Frequent use of graphic organizers to plan lessons. Objective tests are not reproducible.

Puzzle Packs — intended to be refresher packs for the Teacher Pack to supply new materials for the Unit and Vocabulary Resource Materials sections. However, many teachers use them as additional materials for books they have previously taught, with or without the Teacher Pack. Comes on a user friendly CD.

Q&A Presentations — interactive cd to project individual questions or questions/answers sides from LitPlan onto your whiteboard or screen as a visual aid for discussions or quizzes.

Student Packets — reproducible pages for direct student use covering comprehension, vocabulary, writing exercises, and a final exam. For use with the Novel Unit, or on their own.

Teacher Packs — over 100 pages of practical, teacher-developed materials (including reproducible student pages) on a user-friendly CD. A proven foundation for teaching great literature.

All six study guides contain completely different material. For a complete description of these guides please see pages 2-5.

Study Guides — Here is a brief description of the six types of study guides BMI offers:

Novel-Ties — complete teacher/student guides with reproducible pages in a chapter-by-chapter format.

Novel Units — teacher's guides containing everything you need to teach a book. Frequent use of graphic organizers to plan lessons. Objective tests are not reproducible.

Puzzle Packs — intended to be refresher packs for the Teacher Pack to supply new materials for the Unit and Vocabulary Resource Materials sections. However, many teachers use them as additional materials for books they have previously taught, with or without the Teacher Pack. Comes on a user friendly CD.

Q&A Presentations — interactive cd to project individual questions or questions/answers sides from LitPlan onto your whiteboard or screen as a visual aid for discussions or quizzes..

Student Packets — reproducible pages for direct student use covering comprehension, vocabulary, writing exercises, and a final exam. For use with the Novel Unit, or on their own.

Teacher Packs — over 100 pages of practical, teacher-developed materials (including reproducible student pages) on a user-friendly CD. A proven foundation for teaching great literature.

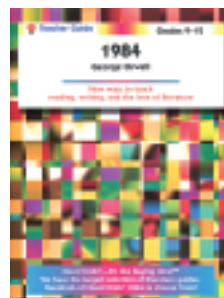

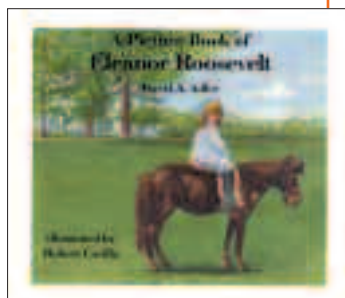

All six study guides contain completely different material. For a complete description of these guides please see pages 2-5.

Study Guides — Here is a brief description of the six types of study guides BMI offers:

Novel-Ties — complete teacher/student guides with reproducible pages in a chapter-by-chapter format.

Novel Units — teacher's guides containing everything you need to teach a book. Frequent use of graphic organizers to plan lessons. Objective tests are not reproducible.

Puzzle Packs — intended to be refresher packs for the Teacher Pack to supply new materials for the Unit and Vocabulary Resource Materials sections. However, many teachers use them as additional materials for books they have previously taught, with or without the Teacher Pack. Comes on a user friendly CD.

Q&A Presentations — interactive cd to project individual questions or questions/answers sides from LitPlan onto your whiteboard or screen as a visual aid for discussions or quizzes..

Student Packets — reproducible pages for direct student use covering comprehension, vocabulary, writing exercises, and a final exam. For use with the Novel Unit, or on their own.

Teacher Packs — over 100 pages of practical, teacher-developed materials (including reproducible student pages) on a user-friendly CD. A proven foundation for teaching great literature.

All six study guides contain completely different material. For a complete description of these guides please see pages 2-5.

Study Guides — Here is a brief description of the six types of study guides BMI offers:

Novel-Ties — complete teacher/student guides with reproducible pages in a chapter-by-chapter format.

Novel Units — teacher's guides containing everything you need to teach a book. Frequent use of graphic organizers to plan lessons. Objective tests are not reproducible.

Puzzle Packs — intended to be refresher packs for the Teacher Pack to supply new materials for the Unit and Vocabulary Resource Materials sections. However, many teachers use them as additional materials for books they have previously taught, with or without the Teacher Pack. Comes on a user friendly CD.

Q&A Presentations — interactive cd to project individual questions or questions/answers sides from LitPlan onto your whiteboard or screen as a visual aid for discussions or quizzes..

Student Packets — reproducible pages for direct student use covering comprehension, vocabulary, writing exercises, and a final exam. For use with the Novel Unit, or on their own.

Teacher Packs — over 100 pages of practical, teacher-developed materials (including reproducible student pages) on a user-friendly CD. A proven foundation for teaching great literature.

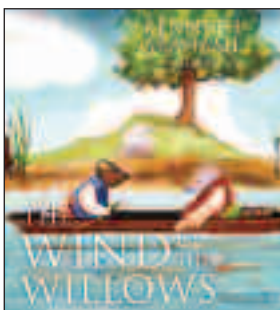

All six study guides contain completely different material. For a complete description of these guides please see pages 2-5.
